

COVID Comms Press Release | 4 May 2022

COVID Comms acknowledges with thanks the generous donation from the Claude Leon Foundation which will extend the reach of our vaccination promotion workshops, increasing vaccination and protecting lives, social and economic activity.

We welcome this important foundation as a partner in our ongoing contribution to the national effort to limit the harm done by COVID-19 and encourage people to trust the measures available to us.

For press queries please contact:

Chris Vick, Chairperson of the COVID Comms Board: chris@covidcomms.org.za
